VE475
Introduction to Cryptography

Challenge 1
Manuel — UM-JI (Summer 2022)

- No deadline

- Optional but open to all

- Rewarded by a bonus on the final grade

Rules:

- Decipher the above text

- No restriction on the method or tools used

- No deadline

- As soon as the ciphertext is decrypted send us the corresponding plaintext by email

- Within 24 hours following the initial email, validate the result by sending us some explanation on how the ciphertext was decrypted

Reward:

- Single: 5 extra marks on the final course grade

- Team: 10 extra marks on the final course grade to be shared among the team members

- Only the first team to decrypt the text will receive the reward

Hints:

- A hint will be released every week until the challenge is solved, maximum four hints

- The first hint is free

- The subsequent hints will cost one mark each
